

TURBO LOBBO

Next-Generation TURBO Power

TURBO power for flash and camera keeps advancing with higher capacity, smaller size and lighter weight power packs. The latest models employ Nickel-Metal-Hydrate batteries for durability and ultra fast recycling. And, they don't come under the restrictions on lithium batteries for air travel.

TURBO 3

- Three times the capacity of the original TURBO yet smaller and lighter
- Power your flash: 600-7500 flashes in 0.1 to 1.9 seconds recycle time
- Up to 5 hours DSLR power in HD video
- Belt mounted for action
- Portable power for studio on-location

Dual outputs power flash and camera, or two flash

On-location studio
